

Plan of Reconstruction Being Sought by Business Men's Committee.

By the Associated Press. TULSA, Okla., June 4.—Homes for thousands of negroes made destitute by the race rioting here this week will be rebuilt by Tulsa business men, but a general plan of reconstruction was still being sought today by members of the citizens' committee of welfare named for that purpose, and out of the burning of the negro section the negroes will profit in one re-

Some prominent men object to rear-ing a new negro settlement on the ashes of the area destroyed, and sug-gest that land be bought in the northern section of the city, where homes could be built with a view to city planning. Judge T. J. Martin, chairman of the committee, declared that 1,000 Tulsa men should volunteer each to build a negro a home. He said it would re-quire not more than \$1,000 for a home. It is certainly a lot more sanitary than when the long skirts used to wipe up the floor

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria then you want a child's remedy: why you must insist on Fletcher's?

For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better fudgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children-a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signatiting therefrom in Infant, ture of Chas. H. Fletcher and perfection in the product are synonymous.
