WHAT THRIFT CAN DO

It develops character and improves your standing amongst your fellow men. It encourages effort, fosters ambitions and protects possessions. It's an aid to sound judgement and the promotion of constructive thought.

Thrift means easy money—Thrift means daily protection against suffering and need—Thrift means competence and ease in old age. Thrift means insurance against many of the hardest knocks of life.

There are no arguments against it, except absolute incapacity or unreserved self-indulgence. THERE ARE A THOUSAND ARGUMENTS FOR IT.
