SLUGGING PEPS HIT PILL HARD AND TAKE OPENER FROM BONHAM

Carpenter has a great ability to take punishment.

Formation at point intake of city water supply is favorable.

The lumber merchants here have continued to meet with success. With lumber prices rising and the demand for lumber increasing, the market for lumber appears to be strong. The lumber merchants have been able to maintain their prices, and the demand for lumber has been steady. This has led to an increase in the profits of the lumber merchants. The lumber merchants have also been able to sell their lumber to various industries, which have been expanding due to the economic growth in the area. The local government has also been supportive of the lumber industry, and this has helped to further boost the demand for lumber. Overall, the lumber merchants here are experiencing a positive trend in their business, with increasing demand and steady prices.
