The committee was not able to hold any further hearing, however, before the close of the session.

This has been a difficult year for the committee, as the loan guaranty contract to the bank has been held up by the committee on the loan guaranty contract to the bank.

The committee was not able to hold any further hearing, however, before the close of the session.

NATIONAL REDUCED IN PRICE TO $2990

One drastic cut in prices—worth while reductions made at one stroke confirm National leadership in providing most motor car per dollar.

Nothing has been lessened but the price. At the new figure, the present National, the finest motor car we have ever built—and admittedly "America's Six Supreme," has no parallel for automobile value.

A saving to you of $760-$910-$960

These new prices place the satisfaction of National ownership within easy reach of a larger group of experienced motor car buyers, and for those who buy on a quality and performance basis alone, afford very substantial savings.

We are accepting orders now for July delivery.
